

EnGeneIC Cancer Research Foundation

Terms & Conditions for use of www.engeneicfoundation.org.au

We are a Sydney based foundation committed to supporting Australian research in developing targeted cancer treatments, particularly, funding patients into clinical trials. These targeted approaches dramatically reduce side effects and have the potential for making tailor-made medicine a reality, where therapies are tailored to an individual rather than being standardised across all patients.

The **EnGeneIC Cancer Research Foundation** is also committed to supporting young Australian scientists through scholarships to complete a PhD program or post-doctoral studies.

We support events organised by members of the community to raise funds on our behalf and can accept payments for these events through our website. We also host our own fundraising activities for which purchases of tickets, donations and tangible items can also be made through our website's secure payment facilities provided by Westpac Merchant Services.

Refund Policy

Please consider your purchase or donation carefully. We do not normally provide refunds if you simply change your mind or make a wrong decision.
